COMPANY OVERVIEW

Smart, Simple, Cloud Video Surveillance for Your Business

Your security system should not only protect your people and property, it should also provide insight to help your business grow and thrive. It's Eagle Eye Networks mission to help you do just that.

We're leaders in delivering the power, flexibility, and cost-savings of cloud technology to the video surveillance market, helping you improve operations and enhance customer service, all while keeping an eye on what truly matters.

Whether you run a small business, global enterprise, or something in-between, you need a video solution capable of adapting to your needs – today and tomorrow. The Eagle Eye Cloud Video Management System (VMS) simplifies video surveillance through the flexibility of cloud paired with the convenience of easy, affordable installation and remote management.

Eagle Eye Cameras

Don't get locked into any one camera brand or model, or get forced into ripping and replacing your existing cameras. The Eagle Eye Cloud VMS supports more than 4,000 cameras from all the leading manufacturers, but if you're looking to buy new cameras, Eagle Eye Cameras offer a secure, plug-and-play installation.

Camera models are suitable for indoor and outdoor use for a wide range of applications. The cameras come pre-configured to securely operate with the Eagle Eye Cloud Security VMS and Eagle Eye CameraManager.

	CAMERA DB10	CAMERA DB11	CAMERA DB12	CAMERA DB13
Description	Ultra-lowlight, indoor/outdoor, waterproof mini bullet.	Ultra-lowlight, indoor/outdoor, waterproof mini bullet.	High-performance, indoor/outdoor, waterproof mini bullet.	High-performance, indoor/outdoor, waterproof bullet.
Resolution	4 Mega Pixels	4 Mega Pixels	8 Mega Pixels	8 Mega Pixels
Lens	2.8mm	2.7 – 13.5mm Motorized Lens	2.8mm	2.7 - 13mm Motorized Lens

Best for large outdoor areas: Parking lots, fields, parking garages, work yards, back yards, outdoor entrances, construction sites, infrastructure.

Body Cameras

In an era where minor events can spiral into global incidents, body-worn cameras are becoming the go-to solution for commercial business owners needing to maintain accountability and protect people, property, and reputations. Designed specifically for the commercial market, this small, sleek, feature-rich body camera is used by businesses to improve staff safety and accountability, accelerate incident response and investigation, and protect people and property – all at a fraction of the cost of other systems.

	CAMERA BC01
Description	Cloud connected body camera. Extensive remote networking capabilities allows interaction through 4G LTE and/or Wi-Fi networks. Includes world-leading 180° immersive video capture at up to 4K resolution, bi-directional audio, GPS tracking, and high-performance Qualcomm™ processing.
Pixels	8.3 Megapixel
Resolution	2448x2448/2048x2048/1536x1536/1024x1024/800x 800@30FPS
Lens	Panomorph, Focus range: 24 inches to infinity
Battery Pack	6,000 mAh, up to 16 hours operating time
Ingress Protection	IP67
